### **A Welcome Note from the Founder**

Dear Artist/Designer,

Welcome to **Nadine Gallery – Art & Design Lounge**.

As both the founder and a fellow artist, I understand the vulnerability, the passion, and the dedication it takes to create and share your work with the world. This platform was born out of a desire to honour that journey — to give artists and designers a space where their voices are heard, their work is honoured, and their stories are told.

At Nadine Gallery, we believe that art is not just something to be sold — it's something to be experienced, appreciated, and lived with. That's why we've curated a space that is not only a marketplace, but also a community — one that highlights artistic voices through interviews, exhibitions, and editorial features.

Whether you're showcasing paintings, sculptures, photography, bespoke furniture or design services, know that your creativity is welcomed, valued, and supported here. Our team is here to help you shine — through professional presentation, exposure to collectors and designers, and planned promotion.

This guide will walk you through what to expect, how to get started, and how we support your journey with us.

I'm so thrilled to have you join us. Together, let's create something beautiful.

Warm regards,

**Nadine AlShaikh**
